## Remote Learning Guidance for Families Summer 2021

### Guidance Summer 2021

On Monday the 8<sup>th</sup> of March, 2021 most of our children and staff returned to school. This guidance explains how we will support any individual, or groups of children who may need to isolate.

Our remote learning provision will continue to be blended, with paper based activities and online support through Class Dojo.

This guidance is valid from April 2021.

### Who will receive remote learning provision

Our remote learning provision is for:

- All children in a class bubble that have to isolate at home because of a positive covid test for a child or staff member in the class bubble
- Any individual child who has to isolate because of contact with someone from outside school who has tested positive, although the child is not ill
- Any child who is shielding, but is not ill
- Any child who is in the UK, quarantining after a return from out of the country

### Remote Learning when a bubble has to isolate and the teacher is well

- The class teacher will be delivering remote learning following the class's remote learning timetable and supporting with questioning and feedback using Class Dojo.
- Any class and 1:1 TAs who are well, will also support.

### Remote Learning when a bubble has to isolate and the teacher is unwell and unable to work

- **If the class teaching assistant (TA) is isolating but is well** – TA will upload the lessons according to the timetable and monitor and support over the day. Parallel teacher in the year will be available online 2.45-3.10 to provide any support to parents/children who have messaged.
- **If the class teaching assistant (TA) is unwell** - Parallel teacher/TA in the year will be online 8.30-9.00 each day to upload all the lessons/activities for the day. Parallel teacher in the year will be online 2.45-3.10 to provide any support to parents/children who have messaged.

### Remote Learning when an individual has to isolate

#### Isolation due to being a contact of a confirmed case:

- Class teacher/TA in the year to be online 8.30-9.00 each day to upload all the lessons/activities for the day.
- Class teacher in the year to be online 2.45-3.10 to provide any support to parents/children who have messaged
- White Rose (maths) videos to be utilised, as well as other high quality videos, as appropriate
- If the child has a 1:1 TA they will support the child as well.

#### Isolation due to having been overseas – now quarantining in the UK:

- Remote Learning takes place once child & family are isolating in UK
- Remote learning as above, for isolation

## Remote Learning for children shielding

- If a child is shielding there will be very specific circumstances, and we will ensure any work fits with this

## Lessons and work

- Remote learning will continue to work in a similar way to the remote learning during the lock-down in January and February:
  - There will be a timetable for the lessons
  - Lessons will be posted onto ClassDojo
  - Children's questions, responses and work will be sent back through Class Dojo
  - A staff member will be available to help them during the lesson time
  - Staff will give feedback on work through Class Dojo
- If your child is isolating and you have any questions about this, please check with your child's class teacher, who can direct you to the right people to help you.
- We all want to help you and your child to access their learning.

## If children are unwell

- If a child is unwell, they do not need to work

## What happens if children are not in school and are abroad?

- There will be no direct teaching, however website addresses supporting our curriculum are provided below.
- Please be sure to monitor anything your children are accessing online.

### **Additional information**

- If a child is isolating, a member of staff from their class will ring them once a week just to check in, or if the bubble is isolating it will be someone from another class in that year group.
  
- Well-being and mental health are always important.
- Remember to talk about your feelings and encourage your children to do the same.
- Take some time to do fun things together, away from screens.
- Be sure to get some exercise, outdoors if you can, or indoors. Here are some indoor suggestions:
